

CITY OF SAN DIEGO - 1222 FIRST AVE., M.S. 501, SAN DIEGO, CA 92101

PUBLIC NOTICE

Date: Dec. 18, 2023

Subject: DSD Curb to Property Line Service Has Been Discontinued

The Curb to Property Line service previously provided by the Development Services Department (DSD) was discontinued in August 2021. Please visit the DSD Records page for assistance obtaining the information required to determine the curb-to-property line distance.

DSD Records staff can assist customers with [scheduled in-person Records appointments](#) by providing the as-built, site plan and subdivision map. However, they cannot perform the technical review required to determine the curb-to-property line distance. Please refer to Information Bulletin No. 110, [Permit Records and Mapping Information](#), for detailed information regarding DSD Records procedures, including services and fees.

As described in Information Bulletin No. 122, [How to Prepare a Site Plan and Vicinity Map](#), customers should consult with an appropriate licensed professional to determine this information. In addition, the bulletin highlights the requirement for a Land Surveyor to sign, stamp and date site plans.

To find a Land Surveyor, please consider using the [California Land Surveyors Association website](#) and choose the "Find A Surveyor" option.
